

The graph illustrates the relationship between the number of workers and the total training time. The x-axis represents 'Training Time(s)' from 0 to 15,000. The y-axis represents 'Training Time(s)' from 0 to 100. The legend indicates the number of workers for each line: 1 worker (black), 2 workers (red), 3 workers (green), 4 workers (blue), 5 workers (purple), 6 workers (magenta), 7 workers (yellow), and 8 workers (cyan). The lines show that as the number of workers increases, the training time decreases, with 8 workers achieving the fastest training time.

Number of Workers	Approximate Training Time (s)
1 worker	~15,000
2 workers	~7,500
3 workers	~5,000
4 workers	~4,000
5 workers	~3,500
6 workers	~3,000
7 workers	~2,500
8 workers	~2,000
